**File No. RH01018367
May 7, 2002**

SUBJECT: AUTOMOBILE INSURANCE CONSUMER SERVICE ASSESSMENT

FINAL STATEMENT OF REASONS

COST OR SAVINGS AND MADAT TO LOCAL AGENCIES AND SCHOOL DISTRICTS

The California Department of Insurance has determined that the proposed regulations will not impose a mandate upon local agencies or school districts, nor are there any costs for which reimbursement is required by Part 7 (commencing with Section 17500) of Division 4 of the Government Code. The regulation proposed in this notice affect a clarifying change in a definition of vehicle and provide an automobile insurers to remit an assessment on an annualized basis.

IDENTIFICATION OF STUDIES

The Commissioner has not relied upon any technical, theoretical, or empirical study or report, or similar document, proposing the adoption of these regulations.

SUMMARY OF AND RESPONSE TO PUBLIC COMMENTS

The Department of Insurance has received no comments either during or after the public comment period to the notice.

ALTERNATIVES

No alternatives have been suggested to this notice and the Commissioner has determined that there are no other alternatives that would be as efficient and effective in addressing the identified problem. The purpose of this notice is to make provision in this assessment program conforming and uniform the assessment provisions in this and a similar but distinct assessment program currently operated by the Department of Insurance. Lack of uniformity between the provisions of these automobile assessment programs would give rise to confusion and increased costs of collecting and tracking as well as calculating and remitting the assessment.

UPDATED INFORMATIVE DIGEST

There is no need to revise the Informative Digest filed in this matter on February 5, 2002.
